ESSAY

On an attached sheet, please write a response to the following questions.

Response 1

In what is typically labeled "democratic societies" (like the U.S.), there appear to be increasing societal divisions. Some believe that these divisions are so deep that a societal "Common Good" (in which members of a society share a broad vision of improving the condition of all), has been lost. Others have argued that there is no such thing as a "Common Good" in a world with such ethnic, political, and ideological diversity. Construct an essay in which you address the following questions: what do you think the "Common Good" means in a diverse society; is it even possible to attain it; and what might it look like in the 21st century? You may refer to your own life experiences if applicable. (400-500 words)

Response 2

How do you anticipate your college education furthering your career and/or life goals? You may refer to your life experiences if applicable. (200-250 words)
